Maturation: 1 year in French oak barriques
Refinement in the bottle: about 1 year

Organoleptic characteristics: dry red wine - It has an intense ruby color with violet reflections, the wine is perfumed with aromas of cherry and plum, and painted by nature. The wine has a velvety texture and a well-balanced taste characterized by a blend of fruit, velvety tannins and acidity, with a long and elegant finish with hints of currant. It has a taste that cannot be confused with any other wine.

The recommended temperature for consumption is:
+16/+18°C

Pairings: It goes well with meat dishes and spicy cheeses.
